## ALLIES IN NEW EFFORT TO TURN GERMAN FLANK

**Heavy Bombardment On the Belgian Coast Indicates New Action**

## YPRES SECTOR IS SCENE OF IMPENDING ASSAULT

**German War Office Report Admits Probability of Movement**

New York, June 1.—Reports from both Berlin and London today indicate the probability that an important military movement by the allies is under way on the Belgian front—possibly an attempt in force to hit the German flank on the coast as a crushing blow.

A pitch of notable intensity such as usually precedes an attack has been reached by the artillery fire near the coast and to the south in the Ypres district. The German war office announces this extremely heavy bombardment.

Meanwhile British air raids on an extensive scale have been carried out on and near this coast.

"Many tons of bombs," says the London official statement, "have been dropped on Ostend, Bruges and Zeebrugge, the last named being one of the principal German submarine bases."

Although a strike movement is reported in scores of Petrograd factories which may affect war material production, there are also increasing suggestions of activity on the Russian front. Belgrade announces increased artillery firing at various points along the line from the Vilna region down through Volhynia and into Galicia.

Dispatches from the French front in France today indicate renewal of offensive against the Germans there as soon as the moment is considered ripe for an attack. The French are in more advantageous positions now than when they began their offensive in April and are still further improving their dispositions from time to time in local thrusts. One of these minor but collectively important operations was carried out last night when a German post in the Chevreux district near Craonne was captured.

The British on their front to the north are again reporting gains after a period in which only raiding operations were attempted. The advance was scored in the region of Cherisy, between Croisilles and the Arras-Cambrai road. In one of their big attacks during the height of the Arras battle British troops were reported as having reached Cherisy where they were not able to hold it at the time. They now have pushed forward again a little to the west of the town.

The gravity of the situation in Spain is emphasized again today by the news of disorders in Barcelona in which troops participated.

Three American sailing vessels, the schooners Frances M and Barbara, and the four masted ship Dirigo have fallen victims to submarine attacks. All the members of the crews were saved with the exception of one man on the Dirigo who was drowned when the boats were being launched.

**BELEAGUED TOWNS BOMBED.**  
London, June 1.—Many tons of bombs have been dropped by British aircraft on the Belgian towns of Ostend, Zeebrugge and Bruges, says an official statement issued this afternoon by the British war department.

**HEAVY FIRING AT YPRES.**  
Berlin, June 1, via London.—Heavy gunfiring last night reached a stage of great intensity in the region of the Dunes on the Belgian coast and in the Ypres bend, particularly in the Wytshaele sector, says the official statement issued today by the German army headquarters staff.

**DOCTOR DISCOURAGED ENLISTMENTS; DUCKED IN RIVER BY PEOPLE**

Wabeno, Wis., June 1.—Because of alleged attempts to discourage enlistments by telling applicants they were "tools to make munitions and cannon fodder of themselves," Dr. Miller of Laona, Wis., government physician on an Indian reservation, was seized by citizens of Wabeno last night, thrown into the river, hauled out and forced to march at the head of a parade through the center of the town carrying an American flag.

Before the parade ended, Dr. Miller was made to kneel, kiss the flag and retract his utterances. Federal authorities are investigating.

## LEADS U. S. COLLEGE FIGHTERS IN FRANCE

Capt. E. I. Tinkham at the front.

Capt. Edward I. Tinkham, winner of the war cross at Verdun, headed the first American fighting corps, consisting mainly of young college men, on the Aisne battlefield. He and his men are fighting valiant service for France. Captain Tinkham is a graduate of Cornell University where he made a name for himself in athletics.

## ITALY'S ACTION IN EARLY WAR DAYS SAVED FRENCH

Washington, June 1.—How Italy's action helped France throw back the Germans at the Marne and also weakened the German-Austrian offensive on Russia was detailed today by Augusto Cluffelli, former minister of public works and now a member of the Italian war mission. In both cases, he said, Italy's attitude was most decisive.

"Upon Italy's declaration of neutrality at the outbreak of the war," said Mr. Cluffelli, "France was able to withdraw one half million men from our frontier to throw them across the German path before Paris. At that time France was pressed for trained men and for supplies and the British army was not yet mobilized. Without Italy's actions the Germans would probably have entered Paris."

Similarly, Italy's actual entrance into the war in May, 1915, tremendously aided the retreating and disorganized Russian armies and created such a diversion as to save Russia from being reduced to importance. Again Italy's action was decisive.

"If Italy had been inspired by the lust of conquest she could easily have joined with Germany whose victory would have been tremendously facilitated by her intervention. But Italy could not make herself a party to the aggression of Austria upon Serbia or aid in a war featured by the invasion of Belgium. Italy could not join the two imperial dynasties which dreamed of world-domination on the principle that might makes right."

"Italy's sacrifice in this war has been almost staggering. We now have four million men under arms. Our front is 540 kilometers long, greater than the whole French and Belgian front. Every yard we have conquered has cost us terribly."

"Some of our heavy guns are fighting from an elevation of over two miles on peaks 9000 feet high. Our roads and supply lines in many cases have been cut through solid ice. A whole new human center has been built up in the most inaccessible part of the Alps. This must be the last war. Nations cannot in the future squander all their money on military preparedness. The new spirit must make us live together in the ideals of peace and justice. Italy is eager to take her place in the world organized for peace just as on a smaller scale at the Algiers conference she made possible the international agreement on Morocco."

The mission will visit the house tomorrow at noon.

## EX-GOVERNOR IS HEAD OF OHIO DEFENSE BOARD

**James E. Campbell and 26 Other Prominent Men Are Named By Governor**

## LABOR AND CAPITAL ARE REPRESENTED ON BOARD

**Newspaper Men Serve As Secretaries Under Clark S. Wheeler**

Columbus, O., June 1.—Headed by the name of former Governor James E. Campbell, a list of 27 prominent men of the state who have been appointed as members of the Ohio branch, Council of National Defense, was announced today by Governor James M. Cox.

The Ohio branch of the National Council will act in close conjunction with the National Council at Washington on all matters pertaining to the war. Governor Cox, intends further, to have the members of the Ohio branch act as a "war cabinet" to him during the war. The governor himself will sit in all meetings as chairman.

Representative men from all of the prominent divisions of labor, capital and industry are represented in the council membership. A statement by the governor said:

"Labor and capital are both represented to the end that all difficulties between labor and capital may be eliminated during the period of the war for whatever reason."

"The range is represented by its chief officer, to secure the proper agricultural co-operation."

"A food expert is placed on the council who will be able to secure and supply information with a view to getting at the solution of the high cost of living."

"A representative of the coal mine industry and the head of the coal mine workers are placed on the council for the co-operation and service that may thereby be rendered."

"There also is a representative of railroad operators and railroad workers. On the board proper are two newspaper men of state-wide knowledge and experience, whose advice will be found helpful in every matter for consideration before the council. Clark S. Wheeler, of the state department of agricultural extension, is appointed chief secretary of the board. Under secretaries are newspaper representatives in the capital."

Following are the names of those appointed to membership on the board:

Former Governor James E. Campbell, Columbus.

General J. Warren Kiefer, Springfield, former speaker of congress.

W. S. Stone, Cleveland, president of the Brotherhood of Locomotive Engineers.

James W. Faulkner, Columbus, correspondent of the Cincinnati Enquirer.

Thomas J. Donnelly, Columbus, secretary-treasurer of the State Federation of Labor.

S. O. Richardson, Toledo, manufacturer.

L. J. Taber, Barnesville, president of the State Grange.

John P. Fry, Cincinnati, editor of the Iron Molders' Journal.

## RUSSIANS STRIKE FOR 6-HOUR DAY; WAR WORK DELAYED

London, June 1.—Strikes or other measures to paralyze production have been decided upon in more than 120 of the large factories in Petrograd, most of which are engaged in war work. Reuter's Petrograd correspondent telegraphs.

After the failure of efforts of the conciliation board to reach an agreement on many points, the staffs of the factories resolved to strike or alternatively to paralyze work by carrying out all regulations to the letter. The time and form of strikes are to be decided in each factory separately.

In some cases the strike already has begun, while in others the staffs are busily enlisting the support of the workers.

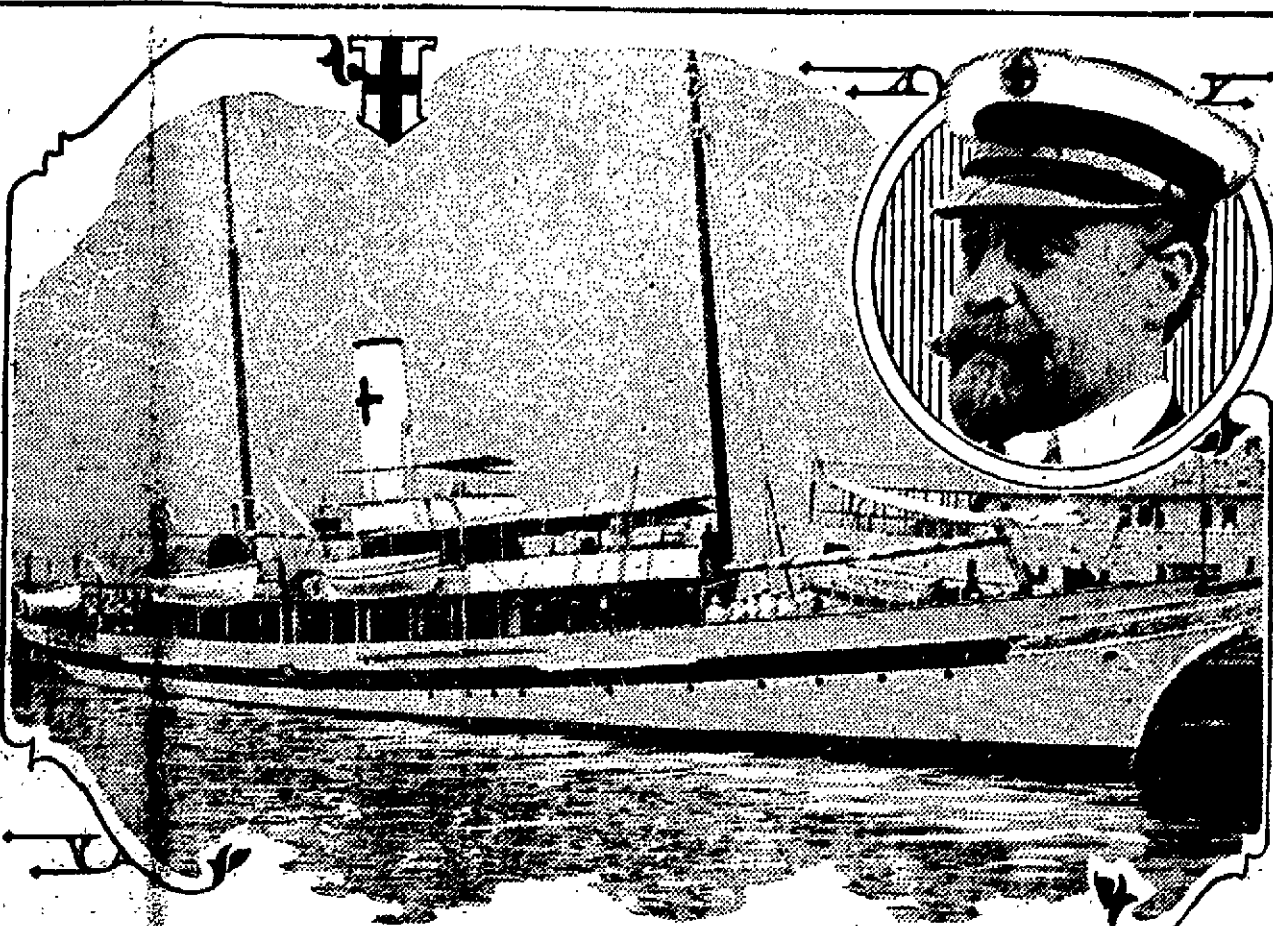

According to the Novaya Zhizn, Maxim Gorki's paper, the demand of the workers include a six hour day and a minimum wage for women of 150 rubles monthly.

Cotton Prospects Below Normal Due To Cold Weather

Washington, June 1.—The condition of the cotton crop on May 25 was 69.5 per cent of a normal, compared with 77.5 last year; 80.0 in 1915; 74.3 in 1914, and 79.1 May 25, ten years average, the department of agriculture announced today, in its first report of the season. The acreage planted to cotton will not be announced until July.

Cold weather in April and May hurt the cotton crop severely through the entire south.

## NEW YORK PHYSICIAN GIVES YACHT TO U. S. FOR HOSPITAL SHIP

Dr. John A. Harris and his yacht Surf.

Dr. John A. Harris of New York has formally turned over to the United States government his steam yacht for use as a hospital ship. In offering the yacht he also offered his own services and those of the nurses and physicians necessary to make up a competent staff for the vessel. The government has only one other hospital ship, the Solace, which was used during the Spanish-American war.

## AT LEAST \$265 STILL NEEDED

Up to this morning 462 people contributed \$135.42 to the soldiers' badge fund. At least \$265 more is needed. Should the fund be over-subscribed the surplus will go to the Red Cross.

The purpose in raising this fund is to buy 2500 badges for the Licking county young men who will register next Tuesday and to purchase embossed, engraved, bronze identification badges for all Licking county men who enter the service. The fund could have been raised by appealing to the manufacturers, business and professional men for subscriptions of \$25 or more but The Advocate preferred to make it a popular subscription in order to have a large number of people participate. The identification badges that will be given to the soldiers will read, "Presented By the People of Licking County," or words to that effect. The manufacturer had not yet completed the special design but as soon as possible a reproduction of the badge will appear in this newspaper. The identification badges will be of real value when our boys go into service. They will be prized for life by the recipients. This gift from the people of this community is a recognition that our boys deserve. Read the list of 462 names on page five of this issue. Is your name there? At least \$265 more must be subscribed in order to make the campaign a success. Send your contribution to The Advocate or leave it at The Advocate booth at the exposition tonight or tomorrow. Johnstown, Pataskala, Utica and Hebron are each raising money to go towards this fund. Other communities are invited to join. Remittances may be made by mail or otherwise to The Advocate.

## THREE AMERICAN VESSELS SUNK BY GERMAN SUBMARINES; TWO DROWN

(Associated Press Telegram)  
London, May 31.—The American sailing ship Dirigo has been sunk by a German submarine. The crew has been landed with the exception of John Ray, third mate, who was drowned when the small boats were being launched. The boat was attacked without warning.

A statement issued by the British admiral said that the Dirigo was attacked by gunfire by a German submarine which gave no warning. The vessel was sunk by bombs after it had been ransacked by the crew of the submarine. The sinking occurred May 31 and the crew was landed at Plymouth.

The Dirigo was a four master sailing ship of 3,000 tons, owned by the Seawall and Company of Maine. She sailed from New York on May 3 for Havre in command of Captain J. A. Urquhart and carried a crew of 31 men, nine of whom were American citizens.

The record of the United States commissioned of shipping in New York give the following names of the Americans in the crew:

Donald E. McDonald, mate, Nova Scotia, naturalized.

A. Anderson, second mate, Danish, naturalized.

J. M. Ray, third mate, Maryland.

Y. Yucasta, engineer, New York.

J. P. Shields, boatswain, New York.

Winter, seaman, Brooklyn.

Harry Barim, seaman, French, naturalized.

Chester Wright, seaman, McAlister, Okla.

J. Trate, seaman, New York.

The Dirigo was attacked at 7 o'clock in the morning. The weather was fine, although hazy. The men were rescued by 9 o'clock. Joseph J. Stephens, American consul at Plymouth, is caring for the survivors.

**CREW IS LANDED.**  
(Associated Press Telegram)  
London, June 1.—The American sailing ship Frances M. was attacked by gunfire on the morning of May 18, according to a report from Cadiz given out today by the admiralty. All the members of the crew are at Cadiz.

The American schooner Frances M. owned by Charles V. Minott and registered at Bath, Maine, sailed from New York, April 7, for an European port. She carried a crew of nine men including the following Americans:

Captain Charles Penniwill, Bath, Maine.

John E. Rogers, mate, 306 East Barks street, Philadelphia.

August F. Langier, 1026 East Berks street, Philadelphia.

Oscar Tate, Ivandale, Va.

The Frances M. was built at Phippsburg, Maine, in 1895. She registered 1229 tons and was 204 feet long.

**SPAIN'S SOLDIERS JOIN DISORDERS; OFFICERS JAILED**

(Associated Press Telegram)  
Madrid, June 1, via Paris.—Disorders participated in by soldiers have occurred in Barcelona. Several officers have been imprisoned in the fortress.

When reports of the disorders became current here the minister of war was questioned and confirmed the fact and furnished the additional information that a number of officers had been locked up in the Montjuich fortress adjoining Barcelona.

According to later news these officers include a colonel, a lieutenant colonel, a major, a captain and two lieutenants.

## NEW YORK PORT CLOSED; STOCKS SHOW LOSSES

(Associated Press Telegram)  
New York, June 1.—For reasons which navy yard and customs officials refused to reveal the port of New York was for a good part of the forenoon closed today to all shipping and the passage of vessels in or out was physically barred by the shutting of the gate in the steel net closing the harbor which was placed in position soon after the severance of diplomatic relations with Germany. Shortly before noon it was learned that the order closing the port had been rescinded.

Lack of information as to the reason for the action inspired a crop of rumors which found reflection in the stock and cotton markets. United States Steel was sold on the stock market in large blocks and reacted from 131-1/8 to 126 3/4, and other leaders reversed early gains at losses of from 2 to 5 points. The losses were, however, for the most part restored by noon when word came that the ban on shipping had been lifted.

The cotton market, which had advanced sharply on the government crop report, became for a while nervous and irregular.

The gate was reopened at 12:02 p. m.

The port was closed at daylight to outgoing vessels, not even fishing boats or barges being permitted to pass out the narrows. Arriving steamships were permitted to enter.

Shortly after the order prohibiting vessels from leaving the harbor became known, preparations were made to close the gate in the net that stretches across the mouth of the harbor. The gate has not been closed in the daytime since it was placed in position soon after diplomatic relations with Germany were severed.

**REASON STILL A MYSTERY.**  
(Associated Press Telegram)  
Washington, June 1.—Official announcement concerning the closing of the New York harbor today says the action "was taken by New York navy yard officials on their own authority" and that the report of what had been done, "did not explain the reason for which the port was closed."

The explosion wrecked two Italian tenement houses, one on each side of the building where the blast occurred and broke every pane of glass between East Fifteenth street and East Twenty-second street.

The dynamiting took place within a short distance of a grocery store where three men were killed in a fight over a card game last March. Police believe the blast was the second act in the gambler's feud.

**ARRESTS AT CHARLESTON.**  
Charleston, W. Va., June 1.—Isom Elkins and "Babe" Means, young farmers, were arrested today by deputy United States marshals at Davis Creek, W. Va., and brought there charged with distributing seditious literature tending to discourage military registration. They were held for a hearing before the federal commissioner.

**DYNAMITE BLAST RAZES BUILDING; 13 ARE INJURED**

(Associated Press Telegram)  
Cleveland, June 1.—A terrific explosion of dynamite early this morning in a frame store and apartment building at 1224 Woodland avenue, destroyed the building, injured 13 persons, three of whom are in hospitals. Physicians say all of the injured will recover. Police are investigating on the theory that the blast was the result of a dynamite plot.

## MORE ARRESTS IN DRAFT PLOT ARE LOOKED FOR

**Treason Charges, Death As Extreme Penalty, Are Filed**

## MARIETTA MAN ARRESTED FOR PART IN CONSPIRACY

**Officials Convinced That Columbus Was Center of Plot**

(Special to The Advocate)  
Columbus, June 1.—More arrests, both in Ohio and other middle western states were looked for today by state and federal officials in connection with the alleged well-organized and well-financed anti-conscription propaganda plot, uncovered here yesterday.

As the result of a raid by Federal, state and city authorities on a High street printing shop yesterday, shortly before noon, three men are under arrest here today charged with treason. When arrested yesterday before the United States Commissioner Johnson, each denied guilt and each was held under \$25,000 bond. Those under arrest here are Harry E. Townsley, Ammon A. Hennacy and Cecil Bailey.

In connection with the alleged plot, John Willis Hammond is under arrest in Marietta, charged with having distributed anti-conscription literature.

According to the authorities, Columbus has been the nerve center of the anti-conscription plot. They charge that thousands of posters and stickers, urging young men of military age not to register next Tuesday have been printed and distributed from there. The authorities say that Hennacy, a former student of Ohio State University, has admitted to them that he wrote a portion of the anti-conscription literature.

Yesterday's arrests, according to United States District Attorney Stuart R. Boim, followed an investigation of three months.

**MAY ANSWER QUESTION.**  
(Associated Press Telegram)  
Columbus, June 1.—Advice by telegram that young men who register June 5 will not be required to answer the last question on registration card, question No. 12, was received by state officials in haste of registration work today from Washington. The question is: "Do you claim exemption from draft. Specify grounds."

The question may be answered but it is not obligatory. Claims of exemption may be made later.

**SLACKERS ARE WARNED.**  
(Associated Press Telegram)  
Washington, June 1.—President Wilson, in a proclamation today warns all persons seeking to avoid registration by leaving the country expose themselves to prosecution and military service eventually in spite of their effort to avoid it. The President's proclamation says:

"I, Woodrow Wilson, President of the United States of America, hereby give warning that all persons suspected of registration . . . who thereby evade the jurisdiction of the United States for the purpose of evading said registration . . . expose themselves upon their return to the jurisdiction of the United States to prosecution for such evasion of registration pursuant to section 176 of the act of congress approved May 18, 1917, which enacts that 'any person who shall wilfully fail or refuse to present himself for registration or to submit thereto as herein provided shall be guilty of a misdemeanor and shall upon conviction be fined not more than \$10,000.'"

**MARINES ASK OHIO FOR 4,000 RECRUITS WEEK OF JUNE 10-16**

(Associated Press Telegram)  
Columbus, O., June 1.—Efforts to recruit the United States marine corps to full strength in the week from June 10 to 16, will have the assistance of all state departments. Governor Cox today issued a statement in which he asserts that Ohio men do her share in raising 4000 men.

"Ohio may be depended upon to do her share in providing 4000 enlistments in the United States marines for the week of June 10-16," the statement says. "Recruiting officers have been assigned to this state to look after the work. State departments and patriotic committees are earnestly urged to help Ohio lead the states in bringing war strength to the marine corps. These are the soldier branch of the navy's first line of defense and the maintenance of it."

"An earnest campaign preliminary to the week's activities is now going forward. Newspapers of the state have volunteered their assistance in publicity. The government asks the aid of citizens in bringing to the minds and hearts of our young men the nation's needs."

"Four thousand enlistments in the entire United States in one week is a small amount to ask. It is respectfully urged that every citizen do his part."

# VON BISSING WAS FIRM IN DEMAND FOR ANNEXATION

(ASSOCIATED PRESS TELEGRAM)  
Copenhagen, June 1, via London.  
The late Governor General Bissing of Belgium maintained until the day of his death his belief in the necessity of the complete annexation of Belgium to Germany. German advocates of moderate peace have been asserting that von Bissing changed his views as expressed in the memorandum he addressed to the emperor advocating annexation. This is disproved by a letter written by von Bissing on January 14 to the Reichstag deputy, Dr. Stresemann.  
In this letter General von Bissing declared that the war was lost. Belgium, at the end, was not chained to Germany, to be ruled and exploited in Germany's interests. He chides those "superficial thinkers who wish to content themselves with guarantees of a paper nature or who consider the Meuse line an adequate frontier, a line which can never constitute the frontier which we need."  
Von Bissing goes on to say that the frontier needed to protect Belgium against England and France must be advanced as far as conceivable northward and that the coast is and must be part of that frontier.  
The governor general declared that his entire policy had been guided by this idea, and that he had labored secretly but steadily to build up "connections" to support this program. He added that if these secret connections were maintained he hoped the time would come when Germany would be compensated through Belgium for her great sacrifice in the war.  
Von Bissing continued by saying that his policy toward the Flemings and the Belgian church was inspired and guided by this thought. Perhaps Cardinal Mercier will be surprised to read that the general conducted his church policy with "wise moderation" and also his opinion that: "I should perhaps have had an easier time along Kulturkampf lines (referring to the Bismarck's Kulturkampf or war with the Roman Catholic church) but we need the church when once we have to bring German methods and German labors into effect in Belgium."  
In conclusion von Bissing spoke of the confidence the emperor showed in him and remarks that his policy in Belgium had always been conducted "in accordance with his majesty's directions and wishes."

# ROOMS FOR 750 U. C. T. DELEGATES ARE BADLY NEEDED

The housing committee of the Newark Council, United Commercial Travelers, yesterday went over the list of homes that have been registered at Chamber of Commerce headquarters for providing accommodations for the thousands of Ohio Travelers and their families who will visit Newark during the convention, June 7, 8 and 9. George C. Vail is chairman of the committee, which expressed its gratification at the large number of representative homes to be thrown open to the visitors.  
Twenty-two homes, with accommodations for 50 persons, came in on this morning's mail and more were reported by telephone. Thus far accommodations for 750 persons have been provided and there is need for rooms for that many more.  
The women's committee of the travelers met in Chamber of Commerce offices this afternoon to develop plans for entertaining the women visitors and increasing the housing facilities. They are urging their friends to pledge their homes for the three days and thereby maintain Newark's reputation for hospitality.  
Every home reported is being listed on a card and Boy Scouts will assist in conducting the visitors, after they are registered at the Knights of Pythias temple, to the homes to which they have been assigned. Everything is being worked out to avoid confusion and provide satisfactory entertainment. Those who have no cards or coupons, which are being printed in the newspapers, can register their rooms by telephoning Bell 282, Automatic 1308.

# MR. ASHBROOK SENDS CHECK FOR SOLDIERS' BADGE FUND

"Editor of The Advocate:  
"I note in The Advocate that a fund is being raised to buy badges for the boys who are eligible to serve their country in arms. I feel slighted that you or some other friend has not called on me for my mite. I want to be in on this commendable move to give this slight token of recognition and appreciation to the young men who will register on June 5, and therefore enclose my check for \$5. Those who remain at home should freely open their purses at all times to those who bare their breasts for the defense and perpetuity of our beloved country. This is the reason why I have always been strong for liberal pensions. With kind regards, I am, "Very respectfully,

# YOUTHS ARRESTED AND GIRL SENT TO JUVENILE COURT

Mabel Rice is back again as a guest of Turner Robert Francis, having imbibed too freely yesterday. She will wait until \$5 and costs are paid before regaining her liberty. Mrs. Worley will be her companion in the days to come, for she, too, had a little more aboard than she could comfortably carry, and the result is she was fined \$5 and costs.  
A telephone call sent Chief Sheridan and a squad of officers to "Ball's Bluff," east of the Manning street bridge, where they found Ed West and Carl Baugher in the company of a 12-year-old girl. They were arrested and the girl was turned over to the juvenile officers and a home found for her at Sheppard, as her parents said she was incorrigible.  
This morning, West pleaded guilty to being drunk and was fined \$5 and the costs. Baugher pleaded not guilty and his trial was set for tomorrow. It is understood that charges will also be filed against the men in juvenile court.  
Jason Carlyle, who stated that he was a tiller of the soil, and who resides at Salesville, could not stand the brand of goods of which he paraded too freely and fell through the wench show window, West Main street. A friendly patrolman assisted him to the city prison and this morning he pleaded guilty to intoxication and was fined \$5 and the costs and an additional \$20 and the costs for destruction of property. The latter was suspended upon his promise to recompense Mr. Wyeth.  
Five other drunks were given a lecture and in addition a \$5 fine and the costs, and were ordered committed until paid.

# FATHER DRIVES ALL NIGHT WITH \$6,000 RANSOM FOR SON

(ASSOCIATED PRESS TELEGRAM)  
Springfield, Mo., June 1.—Carrying a roll of bills containing \$6000, and driving a motor car equipped with lights of a peculiar design, J. H. Keet, a banker, kept a lonely vigil last night and early today through the mud-soaked roads of Greene county, seeking the spot where he had been advised he would be halted and given his kidnapped son, for the ransom he carried.  
Early today nothing had been heard from him and it was feared by the police that he had become stalled in one of the country roads where the heavy rains of the last few days have rendered almost impassable.  
Lloyd, the 14-month-old son of the banker, was stolen Wednesday night while his parents were attending a dance at the Springfield Country club. Keet, the next day, received a note telling how he could redeem his child.  
**BANKER'S ALL NIGHT VIGIL WAS FRUITLESS**

(ASSOCIATED PRESS TELEGRAM)  
Springfield, Mo., June 1.—J. Holland Keet returned home today after a fruitless night's drive in an automobile over the hills of Greene county presumably carrying ransom money said to have been demanded by the captors of his small son, Lloyd. Despite Keet's request that no one follow him more than a dozen automobiles are said to have trailed the Keet car. Their presence is thought to have prevented negotiations between the kidnappers and the boy's father.

BIG FURNITURE  
MERCHANT ALL INBUT HE GETS NEXT TO HIMSELF  
IN TIME.

All the customers and clerks noticed how run down and nervous he was, he knew it himself but could not head it off.

Finally his bookkeeper told him to try Phosphated Iron, that it had cured her father, a traveling man. He said he had lost faith in everything but figured it was worth a trial as a last resort.

You should hear him boast Phosphated Iron now, even has a dozen or so on hand to start his friends on the road to wellville and they have all thanked him for putting them right.

He says he felt better after the first day, that his whole system seemed to be hungry for Iron the way it took hold and the Phosphates seemed to settle his nerves at once, he ate better and could sleep nights and get up in the morning feeling fit.

Hundreds of men and women say Phosphated Iron has renewed them with rich healthy blood, giving them just enough Iron and the Phosphates straightened out their nervous systems as nothing else could. All say Phosphated Iron sure is a long look for blessing.

Go to your druggist and get a package today and put yourself right, square up to the job.

Special Notice. To insure your receiving the genuine Phosphated Iron we have put up in Capsules Only. Do not allow dealers to substitute Tablets or Pills. Evans' Drug Store, Newark, O., and leading drug stores everywhere. (Adv.)

"TO FORTIFY MY  
SYSTEM AGAINST  
HOG, HOMINY, OIL"

For This Purpose Veteran Traveling Man Took Three Bottles of Nerv-Worth on a Southern Trip.

Traveling men frequently are victims of nervous ills, especially of indigestion. Haste, worry, irregular meals and bad cooking are some of the causes. To hundreds of this class Nerv-Worth has been a priceless boon. A few days ago this space carried proof to that effect in the Nerv-Worth statement of A. Lynn, veteran commercial traveler of Columbus, O., for 17 years on the road for the Adams Bag Co., Cleveland. Some time ago at Marietta, E. J. Bellkamp gave a signed statement to the same effect in these words: "For 20 years I have been a traveling salesman, selling country stores in several southern states. I was up against all kinds of conditions and the most disagreeable places to eat, where everything was cooked in grease. For five years I have been a chronic dyspeptic, so grouchy I never smiled except while talking with my customers. I had periodical headaches and a constant feeling of weariness and nervousness. I became discouraged, quit my job and came north on a protracted visit, thinking the change would prove beneficial. Just after coming here I bought a bottle of Nerv-Worth from Mr. Richardson (Nerv-Worth distributor at Marietta), took it all, felt much better, bought another bottle and now, having taken the second bottle I am so much improved that I am going south again and go back to work with three bottles of Nerv-Worth to fortify my system against hog, hominy and cottonseed oil."

(Signed) "E. J. BELLKAMP."

Musical program by Buckeye band.  
Vocal solos, Frank Ewald.  
Auction of everything left in building.  
Closing exercises by Rotary officers.

The visiting Rotarians from Columbus and Zanesville captured the city last evening and later the big crowd at the Merchants' and Manufacturers' Exposition. They were in evidence from the minute they arrived in the city and kept things stirring.

Members of the Zanesville Rotary club were the first to arrive, coming in autos, the club being accompanied by the noted Rotary "Rube" band. Later, the Columbus visitors arrived over the interurban road and at 6 o'clock all were entertained at dinner at the Masonic Temple by the local club.

The parade took place at 7 o'clock and was headed by a Red Cross ambulance, followed by Red Cross girls and nurses in uniform. Then came the Buckeye band, Columbus Rotary club, and other visiting Rotarians with the exception of Zanesville, who happened to be in the city, and all carrying sticks of red fire.

Next was a float, "Here Comes Zanesville," and the famous "Rube" band, led by Col. Fred Geiger, manager of that city's Chamber of Commerce, hove into sight. Its members were costumed as clowns and they played old-fashioned airs and marches. Then came the Clay City Rotarians all garbed in Periot costumes and they were followed by the Newark club, its members wearing little red skull caps. Numerous floats and banners were carried in the parade, which marched around the square and out West Main street to the exposition building.

In spite of the threatening weather a crowd equal to those of former evenings was present, all bent on having a good time. The processions were all liberally patronized and all did a nice business. The country store had a crowd continually in front of it and the "barkers" or "spielers" were kept busy handing out the tickets, each of which drew something, and much amusement was caused when the packages were accidentally (?) opened.

The amusement program carried out on the stage was very enjoyable and kept the big crowd in a state of expectancy. The two bands occupied the stage and Col. Fred Geiger made the announcements. After a number of selections special acts were given by various members of the Zanesville club, including splendid vocal solos, eccentric and buck and wing dancing, sidewalk patter and travesty work.

Next Little Ruth Ludwig did several pretty dances and responded to queries by executing a very difficult act, that of toe dancing. The little lady was one of the chief features of the evening and her dancing excited the admiration of everyone, the visitors being astonished that one of her age, she being only seven, could display such ease, grace and agility.

Next followed the professional juggler and strong man act. It was very clever and was heartily enjoyed. The two bands then gave a concert program which lasted until it was time to do the "barker" act.

One of the amusing features of the evening was when Will Kuster and several other Rotarians "captured" Paul B. Price, general manager of the Standard Motor Car company, and took him up the stage. Mr. Kuster grabbed off the genial manager's new Panama and put it up at auction. It brought \$2.25 and was purchased by Joe Green, the dry cleaning man. Next Mr. Price's watch came out and was knocked off for \$4. Then his stick pin went, bringing \$1.25, then his cuff buttons, gold collar button and tie clasp. The necktie and collar was the next to go and then his coat was taken off and sold for \$4.50. The vest followed and then Mr. Kuster took off the gentleman's new patent leather shoes and they went. Next his shirt was sold, then his socks. Boston garters and when Mr. Kuster reached for Mr. Price's trousers a shriek went up from the women and the former ran off the stage. He didn't get very far away however, for Mr. Kuster followed him out and came back with the trousers and sold them. But he went again and came back with a suit of B. V. D.'s and Mr. Price was in a plight indeed. Some one from the country store sent him over a kimono, a pair of women's hose was also found there and they were appropriated and he found a couple of elastic rubbers which replaced the garters. The Newark Bargain booth sent him over a pair of shoes, a towel was called and he went to his hotel and secured a new outfit, but he kept away from Mr. Kuster the balance of the evening.

Another favorite place for the visitors was the J. F. Cherry &amp; Company cigar booth. It was in charge of C. E. Van Ness, known to nearly all Newarkites as "Ofty," the name of a cigar which he handles, and which he placed in the hands of nearly every cigar retailer in Lick county. "Ofty" was kept busy handing out the smokes and there must have been a number of them last evening for he gave away a thousand of that brand in addition to several hundred "Mediation," a more expensive piece of goods.

Tonight the exposition should draw a large crowd as the amusement program will be given by the High school students and music will be furnished by their orchestra of forty pieces.

AUSTRIANS MAKE  
DEMONSTRATION  
URGING PEACE

(Associated Press Telegram)

Copenhagen, June 1, via London.—Reports from Vienna say that simultaneously with the opening of the Austrian parliament thousands of workmen ceased work and attended meetings in different parts of the city. A great procession was organized which paraded the streets as a demonstration for peace.

Austrian despatches to the German papers give the impression that the Hungarian crisis is gradually working in the direction of a dissolution of parliament and new elections. In the interim a minority ministry would hold office and Count Andrássy is mentioned as a possible head for such a cabinet. Unless the Hungarian electoral practices are changed the cabinet in power during the elections would probably emerge with a majority.

The address of the Budapest municipality to the king, thanking him for his stand in the franchise question reveals the fact that King Charles desires a universal secret ballot. Count Tisza advocates a restricted and involved suffrage, perpetuating Magyar dominance. Under royal pressure however, he has dropped from his program some of the limitations on the labor vote, such as requiring the qualification of a year's residence and the retention of the same employment.

Count Tisza professes to be weary of the parliamentary struggle and tells his friends that he wants to go to the front and fight. However, it is safe to assume that when parliament opens the former premier will be leading the opposition.

OTTAWA COUNTY  
BOY SCOUTS HERE  
ON ANNUAL HIKE

Thursday, June 7, will be Boy Scout Day for Newark. The Boy Scouts of Port Clinton and Ottawa county will be guests of Newark Scouts for the day. One hundred and fifteen Boy Scouts and officers will arrive at 11 a. m. from Columbus on their annual hike through Ohio.

The party travel in automobiles and there will be twenty-five machines to transport the party and camp equipment. They will spend the day and give a band concert in the evening. A local committee is at work on a program of reception and entertainment. The event will be an added attraction to the opening day of the U. C. T. convention.

Newark Scouts have been notified, to check this date on their calendars and be prepared to enjoy the day with the visitors.

The exercises will be concluded in time for the scouts to attend commencement exercises at the High school that evening.

## AUDITORIUM

While thrills after thrills mark the action in "Womanhood, The Glory of the Nation," which is the attraction at the Auditorium theater today for the last time, one of the most startling is when the greatest stars, appears to be injured during the bombardment of a church in which she is acting as a Red Cross nurse. The window is blown in with a crash and she falls, to be picked up unconscious out of the debris in a following scene.

Of course there was a blast, but not so severe as the picture presents, and there was real danger. For girls in the film would care to go through the ordeal of Miss Hyland consenting to play Alice Fenberg was greatly appreciated by Mr. Blackton since she has that sweet beauty most appropriate to the particular type of womanhood that lends to perfect deeds of mercy near the battle front.

## Theda Bara

Miss Theda Bara, the supposedly mysterious queen of photoplays, under the direction of William Fox, has stated if she had been born a man she would have taken up the art of diplomacy. She would like to be an ambassador, who would come in possession of the government secrets of the world. To be a successful diplomat one must have at his command the art of ro-

DIRECTION WILLIAM FOX

maning, which in the language of diplomats means concealing the truth. A Greek philosopher said "words were invented for the purpose of concealing the truth." High diplomacy may mean very same thing.

Miss Bara loves to delve in mystery. The public, in general, looks upon her as a successful woman. Many writers think they know all about her, but whether they do or not is for the future to determine.

Miss Bara will be seen tomorrow at the Auditorium in a return engagement of "The Darling of Paris," founded upon the French classic, "The Hunchback of Notre-Dame," by Victor Hugo. This is a super de luxe production and should attract large crowds.

"A Small Town Girl"

Miss Jane Lee, of that famous pair, the Lee kids, is having troubles of her own. The latest thing which ruffled the temper of that four-year-old screen favorite who is now appearing in William Fox's "A Small Town Girl," was a New York police department order.

Without consulting Miss Lee, some deputy commissioner, or perhaps the commissioner himself, transacted her friend the traffic cop from Forty-sixth street and Broadway. Before the new policeman at that station had time to become familiar with the famous people in the neighborhood Miss Lee went for a stroll to the Fox offices. She had a little business matter which she thought required her attention.

Miss Jane bustled to the crossing. Imagine her chagrin when the autos didn't stop for her. Those brilliant eyes began to sparkle. When the cop on duty showed no intention of stopping traffic for her Jane took the matter in her own hands and started across.

"A din of auto sirens and squeaking brakes brought the policeman to. He saw the majestic though diminutive form of Miss Jane Lee striding through that press of vehicles.

"Hey, you!" roared the policeman as he bounded toward Jane to catch her up in his arms. He carried the squirming little actress to the sidewalk, gave her a lecture on "safety first" and started back to the middle of the crossing.

Jane caught his coat.

"Where's Mr. O'Reilly?" she demanded.

"He's transferred, Miss," was the big fellow's meek reply.

"Do you know who I am?" shot back Miss Lee, sternly.

"Miss, the cop was now thoroughly humbled.

"I'm Miss Jane Lee. Mr. O'Reilly always stopped the autos for me." Thousands of apologies were made by the policeman. He humbly promised again to overlook the famous little actress.

Jane thought for a moment. She offered him her hand and they shook and made up.

Little Jane will be seen at the Auditorium Sunday together with a high class selected program.

Sunday's Program.

Manager Fenberg always looking to

the wants of his Auditorium patrons, has a program for Sunday that he says is the best yet.

June Caprice heads a feature program with "A Small Town Girl." In the picture will be seen her new leading man, Bernard Delaney, said to be one of the youngest and handsomest leading men now connected with the Fox film corporation. Then again there is that clever kid actress Jane Lee, always a favorite with the Newark children. June in "A Small Town Girl" is sure to captivate her audience and she always gets 'em here, for every time she appears in a picture at the Auditorium the theater is crowded and no doubt Sunday will be the same as usual.

Now to the added feature on this program. R. R. Reynolds is the official government photographer. He has been in Europe taking scenes of the present war—these will be shown, also, the newest thing in comedy, "The Motoy Comedies." Give us something new! Motoys in the result of that request unfolds the story of Captain Nemo's terrible revenge on the surface of the earth. In some of the scenes Captain Nemo's men step from the submarine and walk on the floor of the ocean, exploring hidden mysteries and that requires neither air tubes or life lines. A tank of oxygen, when the compressed air is carried in the suits. When the divers wish to rise to the surface they merely inflate the tank and the compressed air tank and the wonderful trick is done. The final scene, showing the giant Nemo as he is being laid to rest in the coral beds of the deep, is a weird picture of an undersea funeral.

"20,000 Leagues Under the Sea." There is said to be a thrill a minute in "Twenty Thousand Leagues Under the Sea," a remarkable submarine drama, which Manager Fenberg of the Auditorium has booked for next Monday and Tuesday. The underwater scenes were taken by the submarine photographic process invented by the Williamson brothers, which gives an intensely interesting dramatic story, a visualization of Jules Verne's great novel, in some of the most scientific and dramatic merits.

It unfolds the story of Captain Nemo's terrible revenge on the surface of the earth. In some of the scenes Captain Nemo's men step from the submarine and walk on the floor of the ocean, exploring hidden mysteries and that requires neither air tubes or life lines. A tank of oxygen, when the compressed air is carried in the suits. When the divers wish to rise to the surface they merely inflate the tank and the compressed air tank and the wonderful trick is done. The final scene, showing the giant Nemo as he is being laid to rest in the coral beds of the deep, is a weird picture of an undersea funeral.

For the kiddies.

Knowing that some kiddies couldn't pay 15 cents to Manager Geo. Fenberg of the Auditorium, who went to the rescue of all the school children of Newark and will give a special Saturday morning showing of "The Glory of the Nation," the eight part Vitaphone picture that has packed his theater for the past two weeks, showing will start at 10 a. m. sharp, the prices for all will be a dime. Prof. Frank Reynolds, of the organ and a good time is promised all. The management promises to look after the youngsters and parents need not be afraid to send their kiddies without escort.

ALHAMBRA.

Tonight and Tomorrow.

It was a great day for the crippled children in the inebriate ward of a prominent western town when the Lasky-Paramount Company was granted permission to film some hospital scenes in that ward. The picture, "The Ring," in which Mae Murray, the charming Lasky-Paramount star, will be seen at the Alhambra tonight and tomorrow. The children were all parts to play, and Little Billy Jacobs, the Lasky-Paramount child actor, was bandaged up and made one of them.

Each one of the little kiddies who was able to be moved at all was given something to do in the picture. When it was complete, Miss Murray made arrangements for a special projecting machine and the picture was shown at the hospital for the edification of the little actors who will never be able to leave the walls of the hospital.

Sunday.

Mary Charleston, leading woman for Henry B. Walthall in his current Essanay feature, "Little Shoes," would be the screen's most beautiful society debutante in photoplays, may not look half so nice in the former role, declares the dainty little screen star. "But I for one can find more pleasure scrubbing floors in motion pictures than in acting the role of the pampered society girl. There is more room for acting—real hard work—and that is what I like." Alhambra Sunday.

## How the Military Draft Will Affect You

Tuesday, June 5th, 1917, will be Registration Day under the selective draft law.

It is expected that it will give the United States Government a list of 10,000,000 men (including those who have taken out first citizenship papers) of ages ranging from twenty-one to thirty years. From this list the first 500,000 men of the new national army will be selected to begin training about September 1st.

THE LITERARY DIGEST for June 2d gives all the available official and unofficial information which throws light on the many points in the actual operation of the draft law. The article shows the questions that will be asked and how they must be answered; who must register and where; the penalties for failing to register or for making false statements at registration whether about oneself or another person; those who are exempt, and how exemption claims must be made. Sickness or physical disability of any kind does not excuse absence or failure to register. The Canadian Government has closed the border to American citizens of military age until after Registration Day.

No date in the history of the country is fraught with more significance than will be June 5th, 1917, for on that day, as the New York Evening Mail states, "will be laid the foundation for the great bulwark that the American people have pledged themselves to build in the defense of the liberties of the world."

If you would save yourself inconvenience, not to say future anxiety, be sure to buy and read THE LITERARY DIGEST for June 2d. The information alone which the leading article contains directly affects a great proportion of the American people.

## To Test "The Digest" Is to Prove Its Worth

The dictionaries define news as fresh information regarding something that has recently happened. This implies that news, to be worthy of the name, must be up to the minute, must cover actual events, and must be bona-fide. The average man who confines his newspaper reading to one or two newspapers gets only a confused perspective. He reads "as in a glass, darkly," and is naturally befogged.

There is one periodical which sweeps away every cloud of doubt and mirrors back the sunlight of truth by giving all sides and every angle of the world's news-reports. This is THE LITERARY DIGEST, which presents all view-points impartially, advocating none, giving the actual, unvarnished facts, and leaving you to form your own judgments. Test it and prove its worth.

### Notes and Comments.

On account of the governor of the state asking that conscription day be made a holiday and that no entertainments be held on that evening, the senior class play will be given on Monday evening, June 4. The title of the play is "The Man on the Box." The play is being given under the direction of Miss Eunice Thomas of the high school faculty. Friends of the school are urged to be present and see one of the best plays ever given by the Newark high school.

During the past month, Woodside school has purchased pictures to the value of \$78. The money was received from an ice-cream social. The seventh grade of this same building has left as their memorial a beautiful picture "Concord Bridge" valued at \$10. The eighth grade has left as their memorial a beautiful sun dial which will be erected upon the campus and costing \$28. Many of the beautiful pieces of statuary and pictures found in this building have been given to the building as memorials by eighth grade classes.

Central school held a social on the evening of May 24, at which they cleared \$180. This money will be used to purchase something of interest for this building.

Riverside school is to be commended for exception punctuality. This building has not had a case of tardiness for four months.

On Sunday afternoon, June 3rd, Dr. Chas. H. Stull, pastor of the First Baptist church, will deliver the annual sermon to the senior class. The public is cordially invited to this service. High school pupils, under the direction of Prof. Klopp, will furnish the music.

The high school thanks the Rotary Club for the booth given without expense for the school exhibit during this week at the tabernacle. Only the special work will be on display since the booth is not large enough for a general exhibit of school work. The work of the manual training, sewing, cooking, commercial and drawing departments only is exhibited. On Friday night, the entertainment at the exhibit will be furnished by high school pupils under the direction of Mr. Klopp and Mr. Millisor.

High school commencement will be held on the evening of June 7. At this time, one hundred students will receive diplomas from the Board of Education. The Harvard Cup and other prizes of honor will be bestowed. While there are many things attracting the attention of the public, it is to be hoped that Newark will honor this year's class with large audiences at both the class play and commencement exercises. There ought not to be an empty seat at either of these functions.

Since this is the last report of school activities that will be published this year, the superintendent of schools wishes to thank the press of the city for publishing these reports from time to time. The city is to be congratulated upon having papers that the public may become acquainted with the activities of the schools. This is proper for perhaps the education of the children is the most important business in which the city is engaged.

WILSON HAWKINS,  
Supt. of Schools.

### MARYLAND FURNISHES COMPLETE HOSPITAL TRAIN FOR GOVERNMENT

Maryland has furnished the United States government its first hospital train. The train was completed under the direction of the Maryland Preparedness and Survey Commission according to plans prepared by Dr. D. Z. Dunott, chief surgeon of the Western Maryland Railway, and with the co-operation of the Western Maryland, Baltimore & Ohio and Pennsylvania railroads. Each of the railroads furnished a car comprising an essential unit of the train. One of these cars has been fitted up as a modern operating room with every facility enabling surgeons and nurses to perform operations while the other cars have been converted into wards with rows of beds for the accommodation of patients.

Complete surgical and medical equipment similar to that found in large hospitals has been installed on the train, including stores of medicines, bandages, clothing, etc., to provide for the comfort of patients. The wards are equipped with an overhead conveyor for moving patients through the cars or to and from the operating room without interfering with others. Accommodations are also provided for the corps of surgeons, nurses and hospital attendants. In arranging the general design Dr. Dunott has the assistance of other eminent Baltimore surgeons.

General Carl R. Gray, chairman of the Maryland Preparedness and Survey Commission and president of the Western Maryland Railway, under whose personal supervision the train was equipped, is authority for the statement that the train will be held in readiness for any emergency. The train is a valuable unit in the government's preparedness program. Should warfare be brought to our shores, the hospital train would be of great assistance to the medical staff as a field hospital or for conveying the seriously wounded to base hospitals. It is also likely to be used for relief work in times of national disaster such as occurred recently at Eddystone, Pa.

The patriotic women of Maryland have completely equipped the train with bedclothing, bandages, convalescents' clothes, and through their efforts medicines have been furnished and other equipment installed.

The train will be taken to Washington in the near future for an inspection by officers of the Medical Staff of the Army and members of the War College.

### STORAGE ROOM.

To store your household goods and to know that they are safe from fire is a heavy burden taken from your shoulders. For some years there has been need of a storage room in Newark. Just a few weeks ago there was completed just such a storage room—a place where your goods will be safe—special room built to care for pianos and private lockers for furniture. Phil Vogelmeier knew that a storage room was especially needed and he built a Fire-Proof Storage Room to accommodate the need. If you need light or heavy drayage work just call 1741 auto phone and Phil will attend to it.

### YOUNG ORPHAN GIRL

How She Was Cured. Had Headaches, Dizzy Spells, Awful Pains, Could Not Work.

Pittsburgh, Pa.—"I am an orphan girl, and when only seventeen years old had to support myself, but I would have such sick spells every month that I would have to stay at home from work, and I could not afford to do it. I also had headaches, dizzy spells and a pain in my side. My sister told me how much Lydia E. Pinkham's Vegetable Compound had helped her, so I began taking it. The result is I am now in good health and never lose a day from my work, and you may publish my letter to show other girls the good Lydia E. Pinkham's Vegetable Compound will do."—Miss MARIE SCHWELTZ, 34 Gardner St., Troy Hill, N. S., Pittsburgh, Pa.

This good old root and herb remedy has proved unequalled for periodical suffering of young women; it contains what is needed to restore healthful conditions.

# MICHELIN

Notice the curve in which Michelin Tubes Naturally Hang

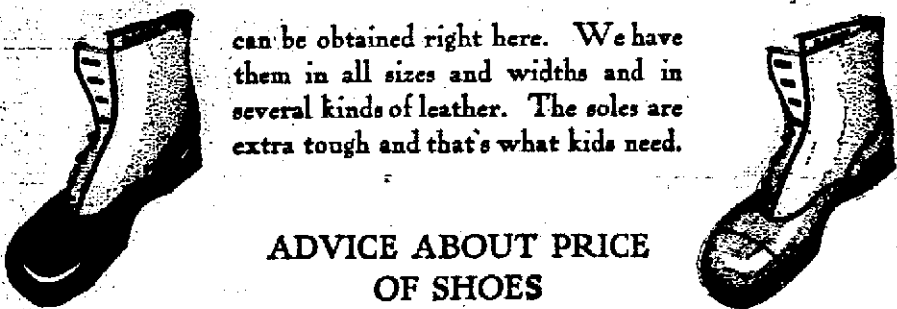

INSTEAD of being simply a piece of straight tubing cemented at the ends, the Michelin Tube is formed on a circular mandrel in the shape of the inside of the casing. Thus when inflated it is neither stretched on its outer side nor compressed into destructive wrinkles next to the rim. This perfect fit gives the Michelin Tube greater durability and practically eliminates danger of pinching the tube.

ADVICE ABOUT PRICE OF SHOES

The warring nations have bought vast quantities of American leather, leaving a shortage in this country which means that prices have advanced double and more. Substitutes are being used, but NOT in Pla-Mates. It pays to buy quality, particularly in children's shoes.

### DEATH LIST GROWS WHEN REPORTS OF STORM ARE MADE

(ASSOCIATED PRESS TELEGRAM)  
St. Louis, Mo., June 1.—The death list caused by the tornado that zigzagged through several counties in Illinois Wednesday, swelled to 79, according to scattered reports received here today. Hundreds were injured and are homeless but relief work has been prompt and it is not believed much suffering, aside from injuries, has resulted.

Two carloads of clothing and food were sent into the storm area from St. Louis and relief funds started here already total almost \$4,000. The roads leading to the stricken districts were made almost impassable not only by mud and water, but by trees, which had been uprooted or twisted off and thrown across them.

The property damage is said to be very large. Conservative estimates placing it at many hundreds of thousands of dollars. Crops suffered severely from the twisting wind, and were beaten down and torn by a heavy fall of hailstones.

Bollinger county probably was the heaviest loser. At Zalma in that county at least 25 persons lost their lives and as many as 200 were hurt, according to advices from Marble Hill.

Wayne county reported 14 dead, with the storm centering near Chaonia. Other towns hard hit were Mineral Point, Ardeola, Aquilla, Salem, Lenix, Dongola, Advance, Bismarck and Houston. Southern Illinois reported four dead, all negroes.

Telegraph and telephone poles and wires were blown down and confirmation of rumors of casualties in other sections was impossible. Several days may elapse before complete details of the tornado's havoc can be accurately known.

### ROTARY PRECEPT

"He profits most who serves best." There is no argument against it. The man or woman or store that serves best is bound to reap the reward of service, and that reward is the continuous patronage of that store. No store in Newark is better equipped to serve the men and young men in Newark and Licking county than Mitchell's Clothing Store. They have studied the needs and selected the goods that will give you service.

### EXEMPTION CLAIM TO BE MADE BEFORE THE COUNTY BOARD

Washington, June 1.—With only four days more before Tuesday, draft registration day, the department of justice planned today to exert every energy to quell anti-conscription agitation, which already has resulted in a number of arrests in various cities. The war department is equally busy threshing out minor questions growing out of the registration and answering a multitude of queries.

Department of justice officials say that many persons have responded to their request that cases of opposition to the draft regulation be reported. These reports are referred for investigation to United States attorneys or marshals who have instructions to make arrests promptly when they discover attempts to hamper execution of the draft law.

Attention of the department was called today to a circular purporting to have been issued by the national officers of the Socialist party in Chicago, saying:

"We recommend to the workers and pledge ourselves to the support of all mass movements in opposition to conscription."

The war department announced that no man registering would be required to answer the question of whether he claims exemption. It will be sufficient to present his claim if he is called before an exemption board later. Officials at reports and along United States boundaries had orders to detain men seeking to leave the country to avoid registration and the war department is considering means of enrolling Americans living abroad.

## BUY A LIBERTY BOND

PATRIOTISM IS THE BIGGEST WORD IN AMERICA TODAY

We Can't All FIGHT, But We Can All PAY! And if We Don't Pay ONE WAY, We Will Another.

Would You Take a LIFE for FIFTY DOLLARS? You Would NOT, But You Are Doing JUST THAT if You Don't Come Across.

A LIBERTY-BOND Means Exactly What It Is Intended to Mean. Buying a BOND MEANS

SAVING A LIFE, Not Your Own Necessarily, But Just the Same, a LIFE!

We Can't Expect OUR BOYS TO FIGHT AND DIE, AND PAY, TOO. They're Doing Enough. They're Doing ALL They Can Do—All WE Are Asking THEM to Do. They Are Sacrificing, Not the Price of a Vacation Trip, a Comfortable New Chair, or the Price of a New Suit. They Are Offering LIFE Itself.

THEY Are PATRIOTS.

Remember This, "IF YOU DON'T PAY ONE WAY, YOU WILL ANOTHER!" Be a PATRIOT and Buy a LIBERTY BOND TODAY.

Let Us Help You Secure One or More of These Bonds. We Have Special Facilities By Which We Can Help You Do Your Bit.

## AN ANTIDOTE FOR URIC ACID POISON

(By Dr. L. C. Babcock.)

There is a process going on within the body which often poisons us. It is something like the story of the snake being able to kill itself with its own poisons. This is the formation of uric acid in excess within the body. It is a waste product which takes place in the liver. This poisonous uric acid is then passed on to the kidneys, which act as a filter to pass off and excrete this poison. If the kidneys are clogged up, inactive, the poison degenerates these organs and causes kidney disease. If it is deposited in the tissues, around the joints of the body, it causes rheumatism or gout.

Consequently we must do everything to throw off this uric acid poison, and simple methods are best. Flush the kidneys by drinking plenty of water between meals; a pint of hot water, morning and night is splendid. Take Anuric (double strength) three times a day for awhile, and get the kidneys working by flushing out this poison. That painful affliction, known as gout, as well as muscular rheumatism, is caused by the uric acid crystals being deposited in the big toes or tissues. The man who uses his brain, perhaps over-tiring his nervous energy will suffer fits of "blues," depression, headache, sleeplessness, loss of memory, all due to this poison of uric acid. The man who does physical work, using his muscles, occasionally complains of sluggishness, muscular tired feeling, muscular stiffness or aches, neuritic twinges—symptoms all due to this uric acid accumulation. In every case I advise hot water, and Anuric taken three times daily—a simple, safe remedy, which is to be had at almost every drug store.—Advertisement.

## FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by any druggist under guarantee to refund the money if it fails. Don't hide your freckles under a veil, get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine. It is this that is sold on the money-back guarantee. Advertisement.

## A LIBERAL OFFER BY LICKING CREAMERY COMPANY

To the Users of Milk and Cream From Its Retail Wagons.

The Licking Creamery Company begs to announce that until further notice it will make a regular monthly award of two (2) \$1.00 sheets of milk tickets upon each of its retail milk wagon routes to private consumers of milk and cream throughout the city.

The awards will be made on the 15th day of each month.

A duplicate receipt stub from every sheet of tickets sold during the preceding month will be placed in a box from which the stubs to receive awards will be drawn by a disinterested party. Each route will be handled separately.

THERE IS BUT ONE CONDITION QUALIFYING THESE AWARDS. All competitors must have their accounts with the Licking Creamery Company paid in full for the month preceding the one in which any given drawing occurs.

In other words, should a duplicate of one of your ticket receipt stubs be drawn on the 15th of one month it would not receive an award unless your account was paid in full for the month preceding.

This is absolutely the only requirement made, thereby characterizing this proposition as being extremely clean cut and liberal.

We hope it will please the public. Watch for the next drawing. Your name may be among the fortunate ones to be named in the papers following the next drawing.

## Society

"Sport clothes have attained an individual importance this year," according to Angeles Schuyler in the July number of The Mother's Magazine, "and the sport idea is manifest in the large loose collars, the Russian and Mandarin blouses, huge pockets, comfortable width skirts and general loose lines which are being used in street dresses and suits of all kinds as well as in the more formal clothes. Another indication is found in the wonderfully gay materials designed especially for this purpose.

"The one-piece dress still is holding its own and is shown in endless variety. As a rule, it hangs straight from the shoulders and has no definite waistline. It usually has a belt, either a broad embroidered one or a narrow throw-over. Pockets in some form are almost invariably a feature. Sleeves are either in the graceful bell shape, puffed at the elbow to carry out the barrel effect or the long straight style, in keeping with the straight silhouette. Great latitude is allowed in the matter of the armhole, which may be normal, very large, or raglan in outline. Kimono sleeves are also being used to a large extent. Some of these one-piece dresses have large collars, while many have none at all.

With the one-piece dress in such demand, it is natural that the vogue of the separate coat should continue. The distinguishing feature this spring is its vivid color. American beauty, cerise, bright blue, coral, gold, chartreuse, citron—nothing is too gay. The lengths vary, some being three-quarters, others long enough to cover entirely the dress, but the majority are half-length. The separate coat continues to be very full around the lower edge and high waisted, as being shown on many models. Big marabou collars are used on many models."

**Richardson—Mitchell.**  
On Wednesday afternoon at four o'clock the marriage of Mr. Harry M. Richardson and Miss Katherine Mitchell was solemnized at the Christian Union parsonage by Rev. P. O. Orr. Mr. Richardson is a foreman on the B. and O., and Mrs. Richardson is the daughter of Mr. and Mrs. J. Mitchell of 384 John street. They will be at home to their friends at 384 John street.

**Stineaway—Miller.**  
At 2:30 o'clock Thursday afternoon, Mr. Henry E. Stineaway, son of Mr. and Mrs. John Stineaway, of 630 Maple avenue, was united in marriage to Miss Eva Mae Miller, daughter of Mr. and Mrs. J. W. Stineaway of Maple avenue. The marriage was performed at the home of the bride in Maple avenue in the presence of the parents of the couple. Rev. P. O. Orr, pastor of Maple Avenue Christian Union Church officiated. The ring ceremony was used.

Mrs. Neva Rees, librarian of the Newark Public Library is in Athens today, where she is presiding at a district meeting of the South and Central District Library association.

## Obituary

**Mrs. Phoebe A. Daniels.**  
After an acute illness of about three weeks Mrs. Phoebe A. Daniels, 237 Central avenue, died at the Greenville street hospital, Thursday evening, following an operation.

Mrs. Daniels was a daughter of William and Mary Williams and was born on the old home farm in Sharon Valley, August 31, 1855. She was united in marriage to Mr. Daniels September 24, 1885. Two sons were born of this union, Harold, who died in infancy and Edward, who survives the mother, and was her close companion in the home. Mr. Daniels died several years ago. The home and one brother, Zachariah Williams, Slatesville, also survive. Mrs. Williams was a devout and active member of the First Presbyterian church of this city, having united with the church 43 years ago. The funeral services will be held in the First Presbyterian church Monday afternoon at 1:30 o'clock. The pastor, the Rev. Calvin G. Hazlett will have charge of the services.

**R. T. Binkerhoff.**  
R. T. Binkerhoff, aged 54, a well known citizen of Utica, O., died last night at 8:15 o'clock at the City Hospital where he was brought several days ago. He is survived by a wife and several children. No arrangements have been made for the funeral.

**Death of Child.**  
Joseph James Holtschulte, the ten months old son of Mr. and Mrs. Bernard Holtschulte, died at the home of the parents in Madison avenue, Friday morning at 7:30 o'clock, death resulting from a complication of diseases.

Surviving are the parents and four sisters, Helen, Ruth, Bernice, and Azena. No arrangements have been made for the funeral services.

In loving memory of our beloved Mother, Mary Schwartz, who died, June 1, 1916:

One lonely year has passed away  
Since death's cold hand did take you,  
And never since we saw you last  
Did our fond thoughts forsake you.

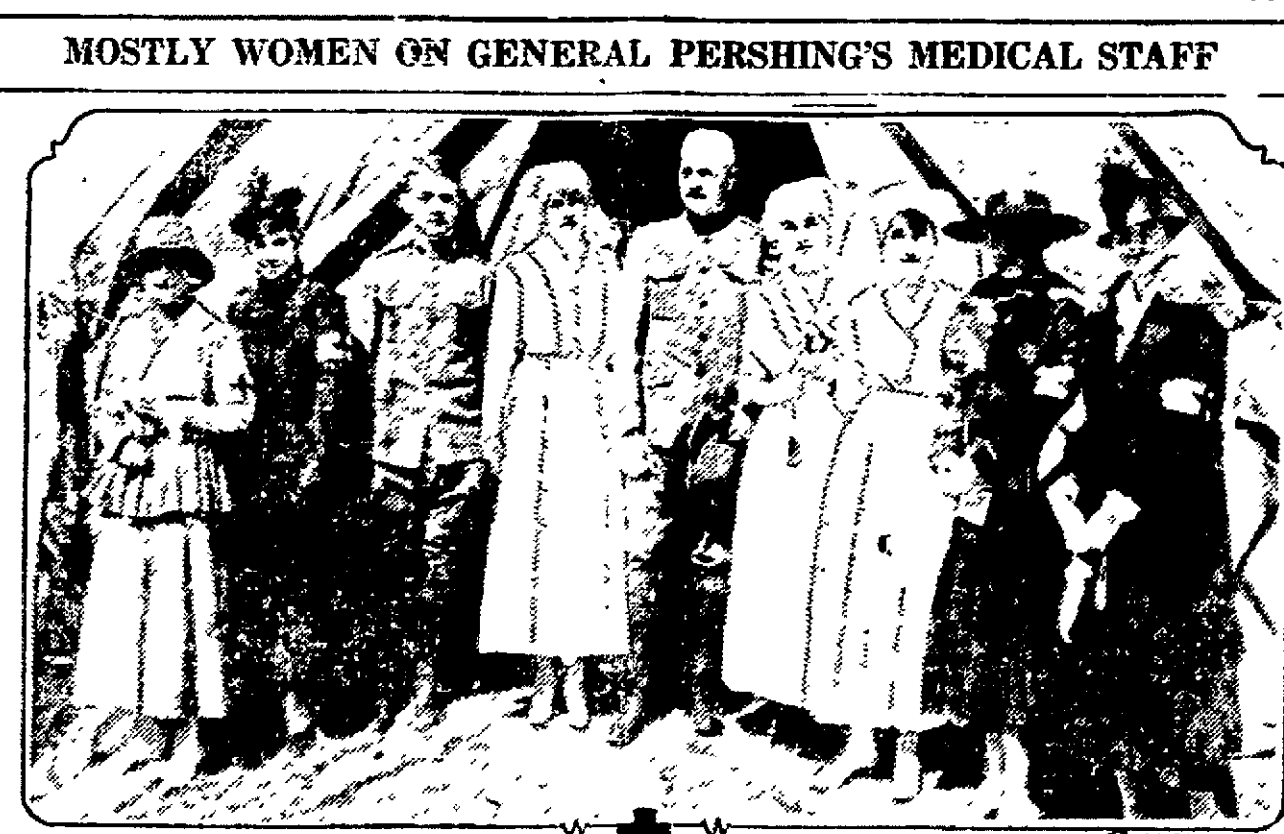

The flowers that lie upon your grave  
May wither and decay,  
But the love we bore for you  
Will never fade away.

6-1-17 The Children.

**Card of Thanks.**  
We desire to thank the neighbors for their assistance after the death of the William M. Hall; Mr. Hazler and son for their kindness, Rev. J. M. Carman for his consoling words, for the beautiful flowers, and the Eden folks for their kindness.—Sons and Granddaughter. 6-1-17

## Milady's Boudoir

**Liver Troubles Harm Beauty.**  
If you have a yellow or muddy skin or dark rings beneath the eyes you have let your liver fall into lazy ways. Use a bleach, if you wish for temporary improvement, but lose no time in prodding your liver to activity to permanently whiten your skin. A good way to accomplish this result is by means of percussion. Folding the hands four or five inches from the body below the right

General John J. Pershing (center) with his headquarters medical staff.

The fact that Major Gen. John J. Pershing, who will command the first American army in Europe, has a headquarters medical staff composed mostly of women will come as a surprise to many. The photo was taken recently at Columbus, New Mexico, where General Pershing was stationed when the order came for him to lead the expeditionary force to Europe.

## The Courts

**Inspecting Ditch.**  
The county commissioners inspected the Dunn ditch in Liberty township this morning. If everything is found to be in accordance with the specifications the contractors will be given a final estimate and discharged.

**Divorce Petition.**  
Jos. Gabe has filed a divorce petition in common pleas court against Mamie Gabe. They were married Nov. 2, 1913, and are the parents of two children. The plaintiff's petition alleges that defendant is guilty of gross neglect and extreme cruelty, in that she would leave home and remain away until late at night and sought the company of other men. Plaintiff asks for a divorce and all relief to which he may be entitled.

**Marriage Licenses.**  
Charles G. Orr, assistant engineer, and Miss Elizabeth Stauch, Rev. George Bohon Schmitt.

Russell A. Rine, blacksmith helper, and Miss Jessie Mae Disbennett of Johnston, Rev. L. C. Sparks. James Smith, machinist's helper, and Miss Nancy Abbott, both of this city.

**Peace Warrant.**  
Charles Buker, arrested on a peace warrant on the affidavit of Chas. Snyder, appeared in Justice D. M. Jones court, waived examination and was bound over to the grand jury, giving a bond satisfactory to the court. The parties reside near Black Hand.

**Trouble Settled.**  
Two Greeks were brought into Justice D. M. Jones court yesterday charged with an assault on a fellow countryman, committed at Columbia Center, where they were employed on railroad work. They were accused of taking \$17 in money also. They were arrested in Columbus by B. & O. detectives. They restored the money and Justice Jones gave them a nominal fine.

**Difficulties Settled.**  
John Wallace was brought into the court of Justice Fletcher S. Scott upon the affidavit of Mabel Montague, proprietress of the Manhattan Hotel, difficulty having arisen over the settlement of a board bill. The matter was adjourned and the case was dismissed when it came up for hearing today.

**Fined for Assault.**  
Lillian Morath was fined \$10 and the costs in Justice Fletcher S. Scott's court for an assault upon "Wick" Kinney. The same was paid and the defendant was discharged.

**Married by Justice.**  
James Smith and Nancy Abbott, colored, were married by Justice Fletcher S. Scott at his office in South Third street Decoration Day. The groom appeared in a happy mood but stated that he wanted Justice Scott to see that a jealous rival did not bother them when they went to housekeeping. He said: "You see, judge, I done had hard enuff time gettin' Nancy and I don't want to take no chances of loosin' her." Judge Scott promised him that Nancy would be protected and the happy bridegroom and bride left arm in arm.

## Every Day Etiquette

"What is the proper thing to write on visiting cards when one wishes to use them for luncheon invitations?" asked Mrs. Newlywed.

"On the lower left-hand corner of the card write, 'Luncheon at half past one o'clock, July 28th,' was her mother-in-law's advice.

**ST. LOUISVILLE ROUTES 1-2**  
Mrs. Mary Oliver and son Joe spent Sun with Mr. and Mrs. Earl Oliver. Mrs. Clara and Ida Bebout spent part of last week with Mrs. W. W. Miller.

Mr. Mrs. Harry Coffman spent Sunday with Mr. and Mrs. Peter Coffman.

Mrs. Minnie Miller is spending this week with her mother.

Mr. and Mrs. M. R. Locke and family spent Sunday with R. B. Stone.

Mrs. and Mrs. Chas. Vanatta spent Sunday with Mr. and Mrs. H. V. Taylor.

## NEWARK GIVES MORE THAN FIFTY SONS TO BATTERY C; FOUR RECRUITS TODAY

Newark, with Licking county, has  
given the quota required of her by  
the government in bringing the en-  
listment of Battery C, Ohio Field  
Artillery, up to war strength. In  
two weeks time over fifty men from  
this county have volunteered for  
service and fifty of them have been  
accepted in Battery C, which has had  
orders to close the headquarters for  
recruits tonight for the full enlist-  
ment for that particular branch has  
been secured.

Newark is proud of the men who  
have gone to Camp Perry, and she  
will be proud again tomorrow when  
the last party of recruits numbering  
about twenty leave for their first  
training. A splendid record has  
been established by Private Hurt and  
Private Webb, who were recruited  
themselves just a few days before  
coming to Newark, having enlisted  
in Columbus from Denison Uni-  
versity. These men, with practically no  
experience have had entire charge  
of the recruiting station and the re-  
sult of their efforts bespeaks their  
ability.

Captain Kishig of the Third In-  
fantry, the examining officer, and

railroad company had his shoulder  
dislocated while attending the Ro-  
tary exposition at the tabernacle last  
night. In a friendly scuffle, his arm  
was suddenly jerked out of place.  
He was taken to the office of Dr. J.  
G. Shirer where the injury was  
dressed.

King's Heralds Meeting.

noon at 2 o'clock when arrange-  
ments for the trip to Akron will be  
completed.

Child Dislocates Arm.  
Ruth Boggs, the 5 year old daugh-  
ter of Mr. and Mrs. Charles Boggs,  
had her arm dislocated at the elbow  
Thursday afternoon. She was rid-  
ing her pony at her home in Twenty-  
first street, when she fell off the  
animal injuring the arm. Dr. W. J.  
Kennedy attended her.

Thank Rotary Club.  
Superintendent and Mrs. Orr of  
the Children's Home, wish to thank  
the members of the Rotary Club, one  
and all, for the happy afternoon  
which they made possible for the  
children to have, and for the num-  
erous gifts that were bestowed upon  
them.

Special Preparatory Services.  
Services preparatory to commu-  
nion to be celebrated Sunday morning  
will be held in the First Presbyterian  
church tonight at 7:30 o'clock. The  
Rev. DeStray C. Boyd of Coshocton  
will preach. All young people  
eligible to unite with the church  
will meet in the pastor's study in the  
parlor of the church Saturday after-  
noon at 4 o'clock. Others may meet  
the pastor after tonight's service.

Alley Fence Fire.  
The Central fire department was  
called to 116 North Fifth street,  
yesterday afternoon where an alley  
fence had been fired by catching  
from dry grass burning in the yard.  
It was extinguished with a few  
buckets of water with but little dam-  
age.

Elks to Picnic.  
The Elks of Coshocton will hold  
a big picnic July 4, at the county  
fair grounds. There will be motor-  
cycle races, and contests of various  
kinds including a ball game. An  
automobile will be given away and  
the successful recipient's name will  
be made known on the grounds. A  
big picnic dinner will feature the  
affair and a number of local Elks  
will attend.

Building New Home.  
John Chitote, the well known  
realty dealer, who has been engaged  
in real estate work in Columbus and  
Indianapolis for the past few years,  
is building a new house on the Cher-  
ry Valley road in West Newark.  
Architect M. A. Ankele has prepared  
the plans and specifications for a  
two-story veneer on hollow tile  
house with garage embodied in the  
same, combined sun parlor and  
living porch, nine rooms and two  
bath rooms. The house and lot has  
a frontage of 70 feet on the Cherry  
Valley or West Main street road, just  
west of the Oscar Scheidler home.

Daughters of Veterans.  
There will be a called meeting of  
the Daughters of Veterans at the G.  
A. R. hall tonight at 6:30 o'clock.  
Business of importance.

ADMIRAL OF BLACK SEA  
FLEET RETAINS POST

(ASSOCIATED PRESS TELEGRAM)  
Petrograd, June 1, via London.—  
The conflict between Vice Admiral  
Kolchak, commander in chief of  
the Black Sea fleet and the Council  
of Soldiers' and Workmen's dele-  
gates has been settled, the official  
news agency announces, the admiral  
remaining at his post at Sebastopol.  
The government commissioner at  
Kronstadt has resigned as a result  
of declarations by the council of  
Soldiers' and Workmen's delegates  
that it was in sole authority over  
Kronstadt, the fortress defending  
Petrograd.

PROPOSE TAX ON ALIENS.  
(ASSOCIATED PRESS TELEGRAM)  
Washington, June 1.—Former  
Governor Glynn of New York, and  
former Mayor Fitzgerald of Boston,  
today proposed to the senate finance  
committee a war tax of \$100 on each  
alien in the United States who has  
not expressed intention to become  
an American citizen. They said such  
a tax would raise \$300,000,000.  
Aliens who enlisted in the armed  
forces of the United States would be  
exempt.

## EXPO. NOTES

A man at the exposition last night  
not only "sold the coat off his back"  
but gave all his possessions for the  
War Relief Fund.

A citizen of Newark has contrib-  
uted 18 pieces of beautiful cut glass  
and other articles which will be of-  
fered for sale at the exposition to-  
night. The entire proceeds will go  
into the war relief fund.

Whenever "Bill" Kuster gets tired  
running a restaurant he can make  
a good living as an auctioneer.

Carl Dayton is one of the best  
singles and workers on the job.

And there's "Van Wart." He's  
everywhere and anywhere helping to  
make the Expo. a hummer.

Secretary Ralph Davis makes a  
hit every night as he megaphones  
the winning ice cream number.

The Columbus and Zanesville  
visitors were a fine lot of men. They  
were surprised at the elaborate dis-  
play and complimented the Rotary  
club on the success of the big show.

Zanesville's Rube band is a daisy  
and the leader—Secretary of the  
Zanesville Chamber of Commerce—  
would be a prize winner in any show.

The Red Cross girls were mighty  
pretty last night, but no prettier than  
the ones on duty Monday, Tuesday  
and Wednesday evening.

Don't miss the Health and Baby  
Exhibits. They're great.

If you don't understand the game  
of golf take a peep at the miniature  
golf ground adjoining the Maze  
show exhibit. It's O. K.

The B. & O. is on the job with a  
lot of beautiful pictures showing  
scenery along the historic B. & O.  
Take a look at "Bud" White's  
bungalow. It's worth while.

Senator Miller's booth is one of  
the many interesting spots in the  
exposition.

Rubber tires? Of course we make  
'em and good ones too. See the  
Pharis exhibit.

Leave your money at The Advo-  
cate booth. It all goes into the  
soldiers' badge fund.

The stock of goods in the country  
store completely sold last night but  
as being replenished today with  
some fine things.

The Avery Loeb, Ohio Light &  
Power and Newark Electric exhibits  
are the brightest spots in the build-  
ing and the displays are all well ar-  
ranged.

Frank Beggs is making a hit with  
his sample distribution at the Styron  
Beggs booth.

Those colored feathers all come  
from Stewart Bros. & Alward's ex-  
hibit, one of the most interesting in  
the building.

Special "matinee" tomorrow after-  
noon.

The Expo will close tomorrow  
night. Better go tonight and then  
you'll be sure to be there tomorrow  
too.

## TRAGIC DEATH OF WALLIS J. EVANS AT JEROME, ARIZ.

Mr. Ernest T. Johnson and Mrs. William A. Sprague received word today of the death of their nephew, Wallis Johnson Evans, son of Mr. and Mrs. David J. Evans of Kenilworth, Ill., at Jerome, Ariz., on May 29th.

The young man after graduating from the high school, Kenilworth, Ill., in 1913, attended the Illinois State University for three years, taking a mechanical and chemical course. During vacation last summer he obtained employment in a creosoting plant at Indianapolis, but unfortunately was one of the victims of the typhoid epidemic. His recovery was not in time for the fall opening of the university. His father in the meantime having become in-  
terested in a copper mining property in New Mexico the young man after taking a special course in assaying at the Lewis Institute, Chicago, went to Lordsburg, N. Mex. in January. He remained there until about May 1st and on account of changes in the management of the property, he left for Prescott, Ariz., where he secured a position with the United Verde Copper Co. at Jerome.

From the meager details which have been received it appears that there was a strike declared at the United Verde mine on Thursday. Wallis had been working in a tunnel, and from accounts received, the strikers had set fire to the station building of the railroad which is also owned by the mining company. At the fire alarm the men inside the tunnel, Wallis probably in the lead on account of his fleetness of foot, rushed out and up a narrow path single file toward the burning build-  
ing. Four men were shot, two of whom were killed, Wallis being one of the unfortunate ones.

Instructions have been given to ship the body to Kenilworth, Ill., and unless delayed should reach there Monday. Mr. Johnson and Mrs. Sprague will leave for Kenilworth Sunday.

Young Evans made application for the Officers' Reserve Corps in the Southern district, but after tak-  
ing the examination, which he passed successfully, was notified that the quota was filled. He thereupon sent an application to the Chicago dis-  
trict but this was returned to him with the advice that the quota in that district also was filled.

## Newark Boy Makes Good With Cornet

FREDERICK W. CONNELL.

The accompanying picture is that of Frederick W. Connell, 16 years old, son of Mrs. Elizabeth Connell, who is attracting attention of musi-  
cians on account of the ability which he is displaying, in the playing of the difficult cornet instrument. The young man has been taking instruc-  
tions for several years and for the past year has been a pupil of the famous Prof. Frank Todhunter of Columbus. Frederick plays with the Buckeye band and his friends may have a chance to hear him in solo work in the very near future, as he handles the cornet like a veteran, and the band leader, Prof. Frederick Abbott, states that the young man is capable in every way and can hold his own with the older musicians.

## FIENDISH ATTEMPT MADE TO DESTROY PATRIOTIC FILMS

Assistant State Fire Marshal John Baird today began an endeavor to trace the recent attempt of some disloyal picture machine operator to destroy the patriotic films of "Wom-  
anhood, The Glory of the Nation," which has been showing for the past several days at the Auditorium the-  
atre, and will conclude the engage-  
ment this evening.

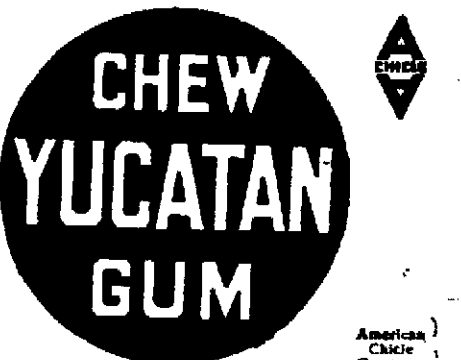

The films were sanctioned by the United States government, which aided in their preparation by the Vitaphone Company. The films were sent over the country in the hope that they would encourage enlist-  
ment.

The picture has been showing in a Cleveland theatre for some time and Tuesday Manager Penberg wired to have it shipped to Columbus di-  
rect and he would meet it there with an automobile, thus taking no chances of having it delayed in transit so that he could open for the Wednesday matinee. The films ar-  
rived and when Mr. Penberg op-  
ened the box to see if the music was intact he was astonished to find that it had been extracted and that high-  
ly inflammable matches had been scattered throughout the box. Mr. Penberg finding several dozen.

The matter was taken up by State Fire Marshal Fleming and today Marshal Baird took up a thread of evidence which may lead him out of the state. Should the perpetrator of the deed be found charges of treason against the government will be filed against him. Had the matches in the film box ignited there would have been an explosion and it might have resulted in several deaths.

CANADIANS AID DRAFT.  
(ASSOCIATED PRESS TELEGRAM)  
Detroit, June 1.—Canadian offi-  
cials at Windsor, Ont., across the river from Detroit, are co-operating with American government agents and Detroit officers to prevent per-  
sons of military age from leaving the United States to avoid conscrip-  
tion. It was announced here today that Park Helsey and Carl Helsey, brothers, of Toledo, were arrested in the railroad yards at Windsor. They told dominion officers, it is alleged, that they fled from Detroit and crossed the river in a rowboat. They were returned to this city by the immigration authorities.

which was left at your door? It tells, in detailed form, the entire story of this Eighth Birthday Celebration. Read it over again now; check off the items you think you will be interested in, then get here the first thing in the morning when assortments and quantities will be complete. A sale of this character is most opportune, as prices are soaring out of sight. The far-sighted woman will purchase not only present requirements, but will anticipate her needs of the future. Every article placed on sale is from our own reliable stocks. No job lots, manufacturers' leftovers or mill discards. Can you afford to pass up an event that offers you the market's finest merchandise at the season's lowest prices? We hardly believe any one would care to during these days of economy.

LEADER IN QUALITY AND LOW PRICES.

*A Personal Chat With You*

Eight years ago tomorrow (June 2nd), this store first opened its doors to the people of Newark and surrounding country. I shall never forget that opening day. Crowds from morning 'til night, and the hundreds of friends and customers, which I made that day, have thronged here ever since.

This is indeed gratifying to me, not alone from a pecuniary viewpoint, but it clearly and forcibly demonstrates the fact that this store has been conducted in a conscientious manner. Truth has always prevailed; and what business could grow to such proportions unless it was founded on the Solid Rocks of Truth and Honesty?

My one endeavor—and I know I have accomplished it—has been to sell quality merchandise at the lowest possible prices. Thousands of customers will substantiate this statement. Any store can sell a customer once, but it isn't every store that can sell today so they can sell tomorrow.

This Eighth Anniversary Sale has been arranged to demonstrate in a practical, money saving way the appreciation I feel for your friendship and patronage. Through this sale, I mean to distribute thousands of dollars' worth of merchandise at prices that cannot and will not be duplicated again. In other words, I am going to divide the profits with you. Because of market conditions, it will be impossible to continue this event for longer than two weeks, much as I would like to be able to do so.

Every item advertised is offered at a very special price which represents a considerable definite saving over the prevailing retail price; and the sale is of prime importance to all thrifty people in this vicinity, for the merchandise is of the most wanted character—seasonable, fashionable and thoroughly reliable.

Saturday is opening day—COME.

(Signed)

## KING'S DAUGHTERS OF FIVE COUNTIES IN CONVENTION HERE

Delegates from Knox, Muskingum, Washington, Licking and Coshocton counties assembled in the Plymouth Congregational church today to attend the fifth group convention of The King's Daughters.

The sessions cover today, concluding with the afternoon meeting. Mrs. Sarah Gagle, state president of the Ohio branch of The King's Daughters is in attendance, giving an address this afternoon, and conducting the consecration service.

In the opening devotionals Mrs. Harry Gibson of this city replaced Mrs. C. H. Chappell, who was on the program to lead in the services. They closed with vocal solos by Mrs. F. P. Winn and Mrs. Helmeke.

The little talk of welcome given by Mrs. Elizabeth Eagey, was a pleasant greeting to the visitors, to which Mrs. B. S. Everett of Granville responded. Following the routine of roll call and the reading of the minutes, Mrs. Chandler Tucker, who is well known as a vocalist, sang a pleasing number.

The representatives from the various circles made their reports and a round table, was conducted during which Miss Lillie Jones of Granville spoke on "Spiritual Efficiency," while Mrs. B. M. East discussed the subject of "Efficiency in Leaders." Miss Jones demonstrated her address with a chart, representing the circle of the King's Daughters as a wheel, the hub of which was Christ, and some of the spokes represented prayer, Bible study and evangelistic work.

The morning session concluded with the president's greeting which was given by the State president, Mrs. Sarah Gagle.

Miss Bessie Blake of Gambier led in the devotionals during the afternoon service, and Mrs. Megaw gave a reading "Legion of Service."

During the round table which was conducted following a short musical, Mrs. Charles Roberts of Utica spoke on "Future Possibilities" and Miss Grace Ash talked on "Affiliation." The question box aroused much interest, and a number of questions brought forth many points of value and interest to the representatives of various circles. The state president, Mrs. Gagle gave outline of the work in the state and concluded the program with the consecration service.

## FRENCH SUCCESS IS MADE WITH THE MINIMUM COST

(Staff Correspondent of the Associated Press)

On the French front in France, Thursday, May 31—Between April 15 and May 24 the number of German prisoners falling into French hands reached a total of 31,829 of whom 28,045 were unwounded. This period covers three phases of the general attack, now temporarily abated, which the French undoubtedly will continue when the proper moment arrives.

As a result of their successful attacks the French now possess the initiative and occupy more important positions than when they began the forward movement in April. Artillery duels continue unceasingly at all points on the front, occasionally intermingled with local infantry combats in which short stretches of trenches sometimes change hands. Thus far the French always have regained any positions taken from them, and at some places have bitten further into the German lines.

The Germans are showing great nervousness as to what is about to happen and the slightest movement in the French lines calls for the hurricane of artillery and machine gun fire. The absolute confidence of the French in their superiority is seen in the manner in which they move over intervening ground between the lines when ordered to attack. The tactics now employed permit them to attack with minimum losses.

This was demonstrated, for instance, in a recent raid in the range of hills and the woods south of Chevreux. A small body of French infantry advanced in order to straighten the line, severe artillery preparations having preceded the assault. The infantry gained the objective and took 30 prisoners in addition to killing a number of Germans. Later it was discovered French shells had battered the German shelters so thoroughly that six full German companies, crouching in the shelters while awaiting an opportunity for a counter attack, had been killed to the last man. The place was a shambles. The total French loss in this affair amounted to only 27 men killed or wounded.

This proportion applies only to one corner of the battlefield, for in other places the French encountered difficulties which held them back for a period and entailed much more severe fighting, with consequent higher casualties. Close observation by the correspondent of the whole fighting front from Soissons to Auberive, however, shows clearly that the French casualties are much lower than the German. As the French, despite all difficulties of ground, everywhere gained and held the objectives aimed at there is a good position to establish what the enemy's losses were.

## FEELING AGAINST KAISER IN NORWAY GROWING RAPIDLY

[Associated Press Correspondence]

Christiania, May 6.—Several recent happenings have served to emphasize the anti-German feeling which manifests itself predominantly these days in the press and in public expression in Norway. One of these was the widespread demand for the cancellation of the engagement of the Berlin Philharmonic orchestra (under Arthur Nikisch) to play here on May 11. Even the newspaper Morgenblatt which either had been friendly in its attitude toward Germany, protested in an article against a German institution like this intruding upon Norwegian hospitality at a time when Norwegian ships are being torpedoed by the hundreds and Norwegian sailors engaged in their country's trade were being killed by the Germans.

This free expression of opinion followed shortly the defeat of a bill imposing a very strict censorship upon the press with heavy penalties of imprisonment and fine for papers publishing anything likely to disturb Norway's friendly relations with another country.

Will Hand of Columbus, has been quite ill at the home of his sister, Mrs. Charles Ruffner. He is better at this writing.
